

# AGM H5LIVE LIFE LOUNDER

3.5W Waterproof Loudspeaker

128GB Storage

7000mAh

Temperatur -10C - 50C

- **20MP FRONT CAMERA**
- **48MP MAIN CAMERA**
- **20MP INFRARED NIGHT VISION CAMERA**
- **2MP MACRO CAMERA**

### **BURNS OUT THE BUDGET**

The photos say more than the price! The AGM H5 answers all calls for photos and helps you see all the details you need daily and professionally. It keeps every memorable moment for you. No matter high or low. It includes an infrared night vision camera working in the pure dark, just like a surveillance camera or night vision goggles.

## IT GETS TOUGHER EVERY DAY

IP68, IP69k, and MIL-STD-810H certification.

IP68 requires the phone to withstand water & dust ingression. IP69K specifically requires the phone to withstand high pressure and extreme temperature environments. The MIL-STD-810H stands for the latest 810H version of the American Military Standard. It suggests the phone must protect its function against drops, impacts, and hazardous crashes.

# WATERPROOF AGM H5

survives at least half an hour at 1.5m underwater.

# AGM

## DROP-PROOF AGM H5 endures drops from up to 1.5 meters

above the ground.

# DUST-PROOF AGM H5

shelters key components from 99% of the dust.\*

## AGM H5 Product Specification
